### Balance

A debit card is a card that is linked to your checking account. You can use it anywhere that a credit card is accepted. It allows you to access your account at different merchants throughout town. You can also use it at an ATM. It will take the money directly out of your checking out. Debit cards are associated with one of the major credit card companies and will usually have a Visa or MasterCard logo on them. You will receive a PIN to allow you to use the card at the store or ATMs.

### Where is the debit card number located on a debit/credit ...

The debit card number is the 16 digits across the front of the card. On the reverse of the car the last 4 numbers of the card are printed on the signature strip followed by a further 3 numbers.

### Debit card - Wikipedia

A debit card (also known as a bank card, plastic card or check card) is a plastic payment card that can be used instead of cash when making purchases. It is similar to a credit card , but unlike a credit card, the money comes directly from the user's bank account when performing a transaction.
