Essential Oil & Aromatherapy Testimonials

It is the use of therapeutic grade essential oils to affect mood and promote well-being. Generally this means inhaling the aroma through the use of nebulizer, mister, or diffuser. However, the definition of aromatherapy has grown to include applying oils on the skin or ingesting them with a gelcap. For this reason it is very important to use therapeutic grade oils, as lesser quality oils are adulterated with chemicals to make the product stretch further.
